

Family Time Capsule

The Legacy Presentation Suite

A White-Labeled Experience That
Elevates Every Service You Offer

Built for you.
Delivered for your families.
Managed entirely behind the scenes.

Families Don't Experience Loss the Same Way Anymore

The Fading Standard

- Basic slideshows
- Last-minute photo collections
- Unpolished presentations

The New Expectation

- Digital sharing is now standard
- Visual storytelling is expected
- Families demand a meaningful, dignified tribute

Funeral Homes Are Being Asked To Do More... Without More Time

**Rising Family
Family Needs**

Families need
intensive help
telling the story.

Staff is already
stretched to
capacity.

**Fixed Internal
Bandwidth**

Resulting quality is
wildly inconsistent.

The result is a missed opportunity—both emotionally for the family and financially for the business.

What If This Was Already Built Into Your Offering?

The Old Script

*“Would you like a
slideshow?”*

(Presented as an optional,
tactical afterthought)

The New Standard

*“We create a full
visual experience
that honors their
life beautifully.”*

(Presented as a confident,
built-in core service)

Introducing The Legacy Presentation Suite

This Is Your Offering—Not Ours. A fully white-labeled system delivered entirely behind the scenes and designed to be presented seamlessly as your own proprietary service.

Your Brand

Fully white-labeled.
No external branding.
Can live directly on
your website.

Our Production

World-class visual
storytelling handled
entirely by our experts.

Seamless Experience

Delivered flawlessly to
the family without any
internal friction.

High Speed. Low Drag. Fully Managed.

Front Stage (Visible to Family)

The emotional centerpiece of the service.
A beautiful, lasting digital memory.

Back Stage (We Remove the Hardest Part)

1. We guide photo collection and input directly with families
(optional onboarding calls).

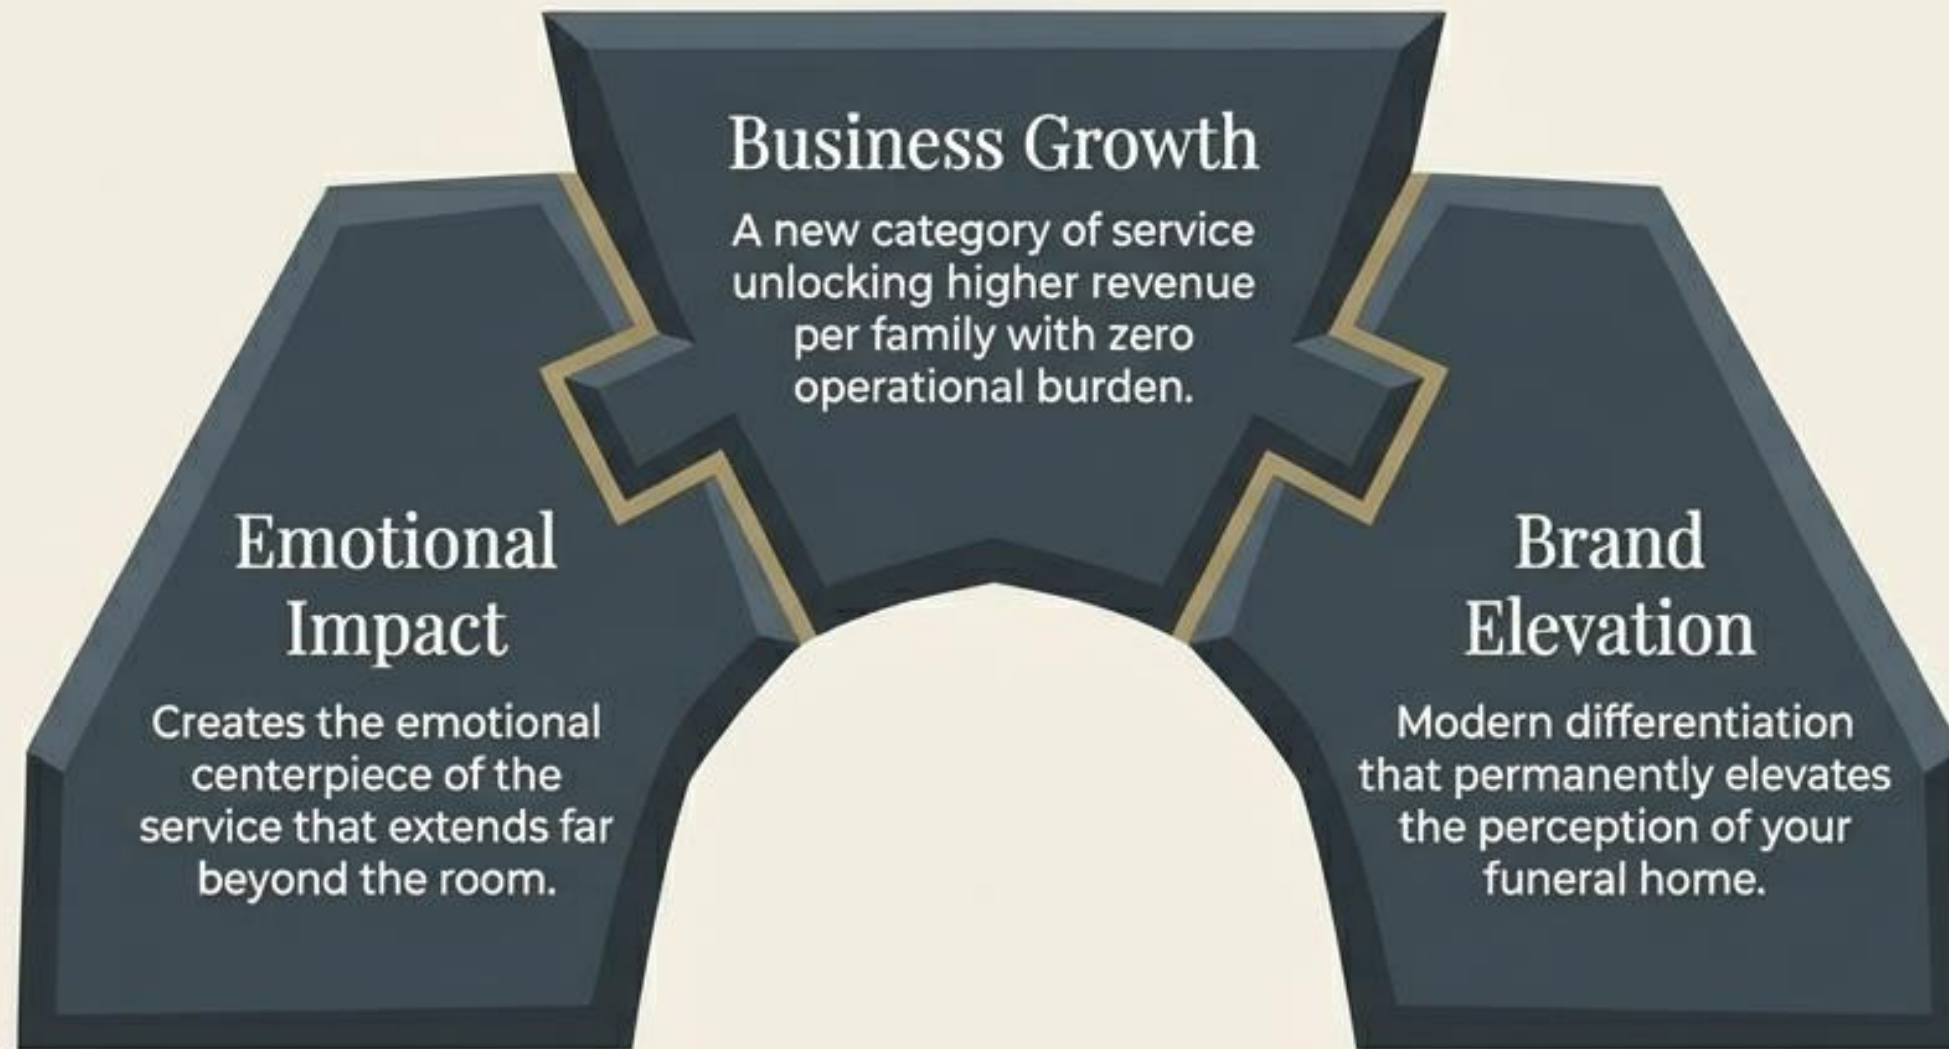

2. We handle all enhancement, editing, and cinematic production.

3. We deliver everything ready for service and sharing.

You stay focused on care. We handle the creation.

This Isn't an Add-On. It's a Better Experience.

The Value Multiplier

This should be presented as a featured upgrade in every arrangement conversation.

Three Levels of Experience

	Essential	Premium	Legacy
The Format	Cinematic Slideshow	Immersive Gallery	Immersive + VR Simulator
The Audio	Custom Playlist	Custom Scored Music	Preserved Voice/Eulogy
The Scale	200–300 Photos	MoMA-style Aisles	Full Digital Avatar
The Anchor	Meaningful Reflection	Deep Immersion	Lasting Presence

Designed to intuitively guide families toward deeper, more meaningful options.

The Essential Experience

- 10–15 minute cinematic slideshow
- 200–300 enhanced and restored photos
- Flawless full-screen formatting
- Custom scored music or curated playlist

This becomes the undisputed emotional centerpiece of the service.

Transformation Matters

Expert, precise photo restoration that brings loved ones back to life with clarity and care. Every detail thoughtfully preserved—zero editing required from your staff.

The Premium Experience

**Includes the Essential experience,
plus the Digital Life Gallery.**

A 2–3 minute immersive digital experience.

Feels like walking through a private
exhibition at a modern art museum.

Photos displayed precisely like curated
works in gallery-style aisles.

Designed to be actively experienced and
explored, not just passively watched.

Built natively for seamless online sharing.

The most elegant way to present and
revisit a life story.

The Legacy Experience

Includes the Premium experience, plus groundbreaking interactive presence.

Virtual Reality Conversation Simulator

An interactive experience allowing future generations to speak with a lifelike avatar.

Virtual Eulogy

A final message preserved in their exact voice and likeness, built from recordings and guided scripting.

Tribute Message

A professionally produced, beautifully preserved message from a loved one.

Where memory becomes lasting presence.

Digital Life Gallery (Standalone Option)

Available independently without the full cinematic service.

Delivers the identical immersive, museum-quality experience for families sharing online.

A \$100 setup fee applies due to the extensive photo enhancement and preparation required.

Designed to Increase Value Per Family

[Families upgrade because of meaning—not features.]

Let's Explore Fit

01

Review

Experience full-length examples of the Essential, Premium, and Legacy tiers firsthand.

02

Customize

Define how the suite integrates flawlessly into your specific brand and service packages.

03

Align

Coordinate a seamless, zero-friction rollout for your arrangement team.
